

CHM230 ORGANIC CHEMISTRY

WHY TAKE MY CLASS?

Learn the most extraordinary things, be an artist, be a creator, encounter molecules that you have never seen before. ENGAGE!

LEARN THE WHY BEFORE THE WHAT

Why do you need to learn something? Learning organic chemistry is an opportunity, will not be a burden.

ASPIRIN, TYLENOL, SOAPS AND MOST IMPORTANTLY YODA FROM STAR WARS

Learn how organic chemistry plays a role in the creation of these.

WE SUCCEED TOGETHER

Feel connected via study groups, help sessions, online-in person office hours and discussion groups. Experience "One size does not fit all" approach to teaching.

I CARE! I AM AVAILABLE!

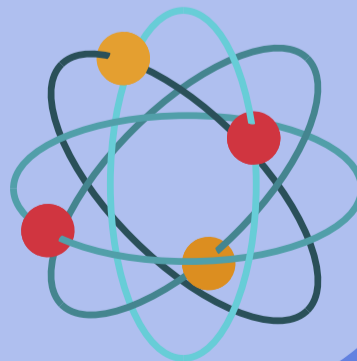

3D VISUALIZATION, CLICKERS AND DEMONSTRATIONS

Build life long learning skills such as critical thinking, problem solving, dedication, positive attitude, intellectual humility and a desire to create.

WE WILL BUILD ONE ATOM AT A TIME

Build with incredible precision, one atom at a time. This means less waste, more green.
